## NOTES FOR DEALERS/FITTERS

It is your responsibility to ensure these instructions are given to the end user or client.

Vortex crossbars can be cut to length to fit this vehicle. Measure the desired length out from the centre of the Vortex Bar and create a reference with a marker. Carefully cut the bar at these markings using a Saw with an Alloy Cutting Blade.

Note for dealers when altering a RSP kits:  
Add 38mm to sports bar measurement for RVL.  
Add 40mm to sports bar measurement for RVH.

Cut the Bar at the required length.
